grow for*

You have been recommended as a well qualified person who, by reason of training and experience, might be interested in a position with a Government agency.

If you are not employed by a U. S. Government agency and would like to be considered for employment which would make special use of your particular talents and skills, we should appreciate your completing the enclosed and returning them with three passport size photographs of yourself.

We should be glad to arrange an interview for you if you should happen to be in Washington in the near future. This, of course, is not an offer of employment and such a trip would necessarily be made at your own expense.

A member of our staff can see you any weekday between the hours of 8:30 AM and 5:00 PM, in Temporary "L" Building, located on the south side of the Reflection Pool, adjacent to the Lincoln Memorial.

Please notify me at least one week in advance of your arrival, if possible. We look forward to hearing from you soon.

Very truly yours,

STATINTL
